

AYAN SHAHID

MERN Stack Developer

Karachi, Pakistan | ayanshahid1612@gmail.com | <https://asq-portfolio-786.vercel.app/> | <https://github.com/AyanQureshi16>

SUMMARY

MERN stack developer (MongoDB, Express, React, Node.js), with three self-built, live-deployed projects spanning e-commerce, SEO tooling, and inventory management. Comfortable owning a feature end-to-end - from React UI to REST API to database; and currently deepening this experience through SMIT's Web & App Development program. Looking for a junior/associate developer role to keep shipping production-quality work.

TECHNICAL SKILLS

Frontend

HTML5, CSS3, JavaScript (ES6+), TypeScript, React.js, Next.js, Tailwind CSS, Material UI, Ant Design, GSAP

Backend & Database

Node.js, Express.js, MongoDB, Firebase, RESTful APIs, Postman, Insomnia

DevOps & Cloud

Git & GitHub, Docker, Vercel, Netlify, Cloudinary, VS Code, npm

PROJECTS

Inventory Management System | Final Year Project

Jul 2026

- Built a MERN-stack system for tracking stock levels and managing inventory records through a React front end backed by a Node/Express API.

RankPilot | AI SEO Analyzer

Jun 2026

- Developed a web tool that runs instant SEO audits on any URL, generating a performance score, keyword analysis, and actionable improvement recommendations.
- Designed the analysis dashboard UI in React and deployed the app on Vercel.

AS-Collection | Full E-Commerce Platform

Feb 2026

- Built a full online store with a product catalog spanning multiple categories (electronics, clothing, accessories, footwear), a shopping cart, and a checkout flow.
- Implemented user authentication with email/password login plus Google and GitHub sign-in.
- Added supporting pages (product listing, blog, about, contact) and a newsletter signup, structured as a multi-page React application.
